For this purpose they have also suggested to constitue a Committee for fixation of land value.

For fixing the land value through negotiations, the procedures followed by different departments/institutions in Karnataka State are as follows:

i) The lands are acquired for National Highway through the Natioinal Highways Act 1956 and the Land value is fixed on the basis of the sale statistics and the guidance value fixed by the Government. Thereafter award will be passed. If the additional land required for National Highway. The concerned Land Acquisition officer will directly negotiate with the land owners for purchase of land on the basis of the prevailing market price and the sales statstics obtained from the sub Registras and fix the land Value.
